

BANG Weekend at The Gargoyle House

April 26-28, 2013

Hey boys! Join us for our first weekend retreat of the year at The Gargoyle House, a year-round clothing optional retreat for men, complete with private rooms, bunkhouse, wood-fired hot-tub, Finnish sauna, cooling-off pool, and workout gym with showers, in a 16 acre forest. The Gargoyle House is located in Newbury/Wells River, Vermont, the "Gateway to the Northeast Kingdom".

Apart from the wonderful complementary breakfast lovingly prepared by Ron, the innkeeper, and our BANG cocktail party on Friday and Saturday evening, the weekend is up to you. Chill out, hang loose, put your feet up and enjoy the weekend.

Testimonial:

I've been going to The Gargoyle House a few times a year for the past three to four years and have always enjoyed the hospitality of Ron and the eclectic mix of the guests.

Ron's country breakfasts are a great way to start the day before you go off exploring or antiquing in the surrounding towns or just hanging out at the house enjoying a hike in the woods, a soaking in the hot tub or schvitzing in the sauna, both of which are wood-fired, reading, playing pool, or enjoying a game of golf or bowling on the Wii.

Lunch or dinner at the P&J Truck Stop, <http://www.yelp.com/biz/p-and-h-truck-stop-wells-river>, is a must. So is a piece of one of their pies or the broaster chicken. After enjoying dinner at one of the local restaurants, sit back and enjoy one or two or three movies or TV shows from Ron's extensive video collection. It'll be a good weekend!

Directions:

From the East, traveling on Interstate 93:

Follow Interstate 93 North from Massachusetts into New Hampshire. Take the exit for US 302 in Littleton, NH and go west. It is only about 22 miles from Littleton, NH to Woodsville, NH and Wells River, VT.

Follow US 302, traveling through Lisbon, Bath, and then Woodsville, NH, which is on the Connecticut River across from Wells River, VT. Follow US 302 through Woodsville and across the Connecticut River, entering Vermont. When you have crossed the river, the road goes under railroad tracks and is very narrow for a sharp turn and then ends at a stop sign in Wells River, on its main street.

Turn right (North) on the main street in Wells River, (which is also Route 5). After only a couple of blocks, US 302 turns left (West) uphill, separating from Route 5. About 2 miles up the road, just before Warners Gallery Restaurant, look for Wallace Hill Road on the left (South). The street sign at the intersection is dark brown. Turn left (South) onto Wallace Hill Road and go uphill for one mile until you see our large black mailbox with 3351 in reflective numbers and, of course, the Gargoyles on the stone columns at the driveway. The house is on the right (West) side of Wallace Hill Road.

If you are arriving after dark, look for the two brightly lit columns on the lawn to guide you.
